

January 12, 2012

Dear Prime Minister or Mr. (Ms) _____.

I (We) are writing to you regarding the issue of organ and tissue donation. You are probably aware that in Canada there is no national organ and tissue donation and transplant registry.

I (We) believe that a national registry with a comprehensive data base would make more information about organs and tissues for donation available throughout Canada. I (We) are certain that you would agree that this would help save lives and improve the lives of many Canadians and their caregivers.

Therefore I (we) are writing to urge you to do all that you can to establish and implement a national organ and tissue donation registry as early as possible.

Yours sincerely,

The Rt. Hon. Stephen Harper

Mr. Pierre Poilievre MP

Hon. John Baird

Hon. Nicole Turmel, Leader of the Opposition

Mr. Bob Rae, Leader of the Liberal Party
