COMMUNIQUE #11

APRIL 2022

TO: Parish Secretary Chairpersons
From: Michelle Morrow, Diocesan Secretary

Greetings to all,

As this is my last communique, I would like to say thank you to all of you who have helped me along the way in the last few years. It has been an absolute pleasure in serving you in whatever way I could and I wish you much success as you continue in your role as recording and corresponding secretaries in your local parishes. It is very important work you are doing for your council, keeping all the records to maintain your council's history. Not everyone has this ability so be proud of the work you are doing.

As things are starting to open up after the pandemic, you will be called on to catch up some of the minutes from any meetings you may have been able to have, possibly online. As the CWL does not yet have anything in the National Manual of Policy and Procedure regarding online meetings, you may need to go back to approve motions that were made during online meetings. All motions do need to be approved at in-person meetings. The next few months will probably be busy ones for you if you were able to have online meetings as you bring things up to date. You will have no difficulties of this, I am very sure. Enjoy what you do and remember how important your role is.

Blessings to all,

Michelle Morrow
